

**College for Girls Sola, Ahmedabad – 380060 Shree Meghmani Parivar And Shree Bhailalbai A. Patel (Detrojwala) Umiya Arts and Commerce**

### **Parents Feedback (2023-24)**

**Name:** Mr. Bharatbhai Suthar

I am very thankful to all faculties and the principal of the college for imparting the best education to my daughter, and today she is a rank holder. I feel proud of this institute and my daughter both. I am fully satisfied with the academic and overall support in shaping the career of my daughter.

**Name:** Rao Kalpeshbhai I.

I would like to take this opportunity to express my gratitude to the whole staff for the kindness and guidance given to my daughter during these three academic years. With the support of the college, my daughter developed confidence and academic capacity. She can shape a better future and become a resourceful person with the kind support of the college. The college has offered more than our expectations. The college has prepared my daughter to face the reality of society. She is now giving importance to moral values, and I can see transformation in her as a human being. Hereby, I extend my gratitude to the whole staff and the principal, Madam.

I am pleased that my daughter is studying at Umiya College. The college not only provides a comprehensive curriculum to students but also various opportunities to explore their latent talents and groom their personalities. The college also makes sure that students are professionally ready for the future. For this, many short-term professional development courses like Tally, CCC, and personality development are offered. The college is also involved in community engagement programs by having social activities at Old Age Home and regular visits to the Gota Slum area, where students provide education to children. I am really grateful to the whole team for providing multi-faceted knowledge and shaping her future.

My daughter took admission to this college three years ago in psychology. The learning experience was impressive; she has detailed knowledge of each subject, other than books.

The faculties teach with interest and explain each subject thoroughly.

Apart from knowledge, the college also organizes different competitions at the inter-college level. My daughter participated and won prizes. My daughter also secured a rank at Gujarat University. For that, I am heartily thankful to all faculties and the principal, madam. We really feel proud of our daughter and the institute, which has molded and guided her in the right direction

I have seen that my daughter's performance is progressive. Thanks to all faculties for their untiring efforts towards the development of students. The college is working with a proper system and code of conduct, which is highly appreciable. The college initiates many new programs and events as part of its curriculum, which help polish their skills.

Her progression toward me as a father is unbelievable. She is a rank holder, and I am really happy for her academic achievement. I would like to congratulate the dedicated team at Umiya College for their good mentorship and hard work.

Thank You.

My daughter, Akansha Bharwad, completed her graduation from this college. Her subject was sociology. As this college is only for girls, it would be the first choice of parents who are seeking security and safety. The college met our expectations with precision. The indoor and outdoor environments, along with academics, are excellent.
