**Namaste All!**

This is a great opportunity to provide my feedback to the college. This college has provided numerous opportunities to polish and explore my skills. The environment at the college is conducive and positive. Apart from this, the education and values that I learnt during study at college also improved my discipline in life.

Our faculties are very supportive and full of energy. They encourage us to perform best in academics and other activities too. They provide us quality education and life lessons for our better future.

Our college organizes many cultural, co-curricular, and sports activities to showcase our talents. The Department of Commerce periodically arranges short-term courses on banking, computers, personality development, GST, digital marketing, and many more.

Today I obtained the best education and scored good marks only due to dedicated faculties and a supportive principal, madam. I feel proud to be a student at Umiya College.

Namaste All!

I am currently studying for the last semester, and soon I will graduate. I am a student at a very reputed institute, where I started my academic journey three years ago. I feel this is the best place for education that focuses on women's rights and their safety.

My overall experience is awesome. I learned many new things, as the environment is very conducive. The staff and faculties are very cooperative. They built a good rapport with the students. We can easily approach them for any help. We are upgrading the library, which I found most useful for learning and solving my queries. The co-curricular activities and student parliament made us responsible and helped in developing leadership skills.

The college also assists economically backward students by providing financial help, as the motto of our college is 'PADHEGI BETI TO PADHEGA DESH'. I am highly thankful to the principal, Madam, and all staff for imparting knowledge with values and making this academic experience memorable.

Namaste All!

In the last three years, I have observed tremendous change in myself. In college, students might face challenges like time management, adjusting to a new environment, academic pressure, and balancing social life with studies.

But college has a well-designed student support program and a mentor-mentee program, which give emotional and moral support to students. The college has students from diverse backgrounds and has gifted me lifelong friends. We share treasured memories, which makes life livelier.

Our faculties impart academic and life-oriented education, which will help us in the future. I really feel blessed to be studying at this college. It gives us a bundle of opportunities and platform to grow.

Thank you all.

Namaste!

I hereby share my thoughts and suggestions to improve the college experience for other students. I have thoroughly enjoyed my academic journey at the college so far. The course offerings were diverse, engaging, and contemporary. We are fortunate enough to have an experienced faculty and a very enthusiastic principal whose dedication to quality education is inspiring.

The college's facilities are quite impressive. The library serves as a source of learning, having a well-stocked range of books. It makes it easy to access material for study and research.

I must say that student services at college are exceptional; the counseling services incredibly help in resolving academic and personal issues. The career guidance team provides timely and valuable information for internships and competitive exams.

The campus life is amazing; there is always something exciting happening, from fun events to spiritual events. The energetic sports events bring the whole campus together.

As I maintained distinction results in my entire span of 3 years and got rank in university twice, I want to express my gratitude to the college. I truly appreciate the hard work and dedication of staff for providing a conducive learning environment.

I hereby take the opportunity to share my reviews of Umiya College. Firstly, I would like to appreciate that the educational journey was quite engaging and transformative. The curriculum is well-structured and comprehensive. The extension and co-curricular activities are also admirable.

The faculties are highly knowledgeable and dedicated to their duties. They have effective communication skills and tactics to make complex things easier. The academic and career-oriented guidance helped me make decisions about the future.

I believe that by continuously striving for excellence and addressing areas of improvement, the college can further enhance its reputation.

Lastly, I am thankful to all staff and the principal, Madam, for making my academic journey enlightened and memorable.

**(2023-24)**

In my three years at the college, I have experienced positive change in myself in all contexts. I got an opportunity to study at the best college in Gujarat. Our college campus is full of positive vibes and energy.

I learned many new things from professors who have guided us for academic and personal needs. The interaction with teachers is very comfortable and helpful. Due to the friendly nature of the faculties, I was able to clear my doubts and focus on my studies with ease.

The college activities and events taught me about my potential. The college also runs a student support program in which I was a mentor. It helped me gain confidence. The overall experience was quite incredible and memorable.
